E-mail address

Term/Year of Re-Enrollment

If you have not already re-enrolled, you must submit an application to the Office of Undergraduate Admissions. If you are on first or second dismissal, you must appeal for readmission to your dean's office or to the Educational Affairs Committee, respectively.

Here are the eligibility requirements for Academic Renewal. Please check all statements that apply to you.

I have not attended any post-secondary institution, including UGA, in the past five years.

I encountered academic difficulty (i.e., probation, dismissal, etc.) when last at UGA.

While on academic dismissal from UGA, I did not attend one or more University System of Georgia institutions.

I re-enrolled at UGA no more than three semesters or a year ago, whichever comes first.

Please initial by these statements, indicating that you understand.

_____ I have read and understand the University of Georgia [Academic Renewal policy](#).

_____ I have reviewed my UGA transcript, met with an academic advisor, and understand which courses will no longer be eligible to count toward my degree, including transfer credit taken at a University System of Georgia institution while I was on dismissal from UGA.

_____ I understand that the granting of Academic Renewal does not supersede financial aid policies regarding Satisfactory Academic Progress nor the admissions requirements of certain programs.

_____ I understand that Academic Renewal, if approved, is irrevocable. I cannot change my mind after this form has been processed. I may receive Academic Renewal only once.

_____ I understand that if I receive Academic Renewal and subsequently encounter academic difficulty, dismissal subjects me to permanent exclusion from the University.

Do you qualify for Academic Renewal? If not, then you can still appeal, but please state the basis with which you are making your appeal.

Signature of Student

Date

Please return this form, with your written petition requesting Academic Renewal, to:

Educational Affairs Committee
