HOW TO STUDY

HELPFUL TIPS

TOP 10 STUDY TIPS

1. FOCUS: Give your complete attention to class, lecture, studying
2. READ: Stay current on readings and homework
3. TIME: Manage your time with studying and assignments - make to-do lists
4. REVIEW: Review class notes immediately after class, make note cards
5. TOOLS: Use multiple review methods - flash cards, mind maps, study groups
6. TAKE CARE: Exercise, eat right, get enough sleep, save time for fun
7. GET HELP: When you think you are stuck, don’t wait until you fail a test
8. CONNECT: See your professor, start a study group or get tutored
9. TAKE GOOD NOTES: Fill in missing details with text notes, outlines & diagrams
10. LEARN: Practice new strategies and apply knowledge
